Project Name: Calculating family expenses using service now
Maximum Marks: 4 marks

Ideation Phase

Define the Problem Statement

Problem Statements (PS)

PS-1

I am a **home manager or family member**
I'm trying to **track and manage family expenses efficiently**
But **it becomes difficult to monitor monthly spending and savings**
Because **the process is manual and lacks automation**
Which makes me feel **stressed and disorganized**

PS-2

I am a **working professional**
I'm trying to **analyze where my money is going and plan budgets**
But **I can't get insights into expense categories easily**
Because **the system doesn't automate calculations or provide clear dashboards**
Which makes me feel **inefficient and unsupported**
